1 As requested by the Office of Patent Publication/Publishing Division,
2 Applicant submits an amendment correcting a clerical error in the “**Brief**
3 **Description of the Drawings.**”

4 In United States Patent and Trademark Office OG Notices: 23 March 2004,
5 the section titled, “Waiver of 37 CFR 1.312 for Documents Required by the Office
6 of Patent Publication” reads:

7 “In preparation of a patent for issuance as a patent grant, if
8 the Office of Patent Publication discovers an error in the text, or
9 drawings of a patent application, including any missing text, or an
10 inconsistency between the drawings and the application papers, the
11 Office of Patent Publication may require an appropriate amendment
12 to the specification or drawings. 37 CFR 1.312, however, does not
13 permit an amendment after the payment of the issue fee without
14 withdrawal of the application from issue. In order to be able to
15 accept such an amendment as may be required without having to
16 withdraw an application from issue, the Office of Patent Publication
17 is hereby delegated the authority to waive the requirement of 37 CFR
18 1.312 and accept an amendment filed after the payment of the issue
19 fee.”

20 Applicant requests entry of the following amendment to correct the clerical
21 error and place the documents in condition for issue and patent publication.

22 **Amendment to the Specification**

23 At Applicant’s page 5, please replace the **entire** section entitled, “**Brief**
24 **Description of the Drawings**” with the following replacement:
25
